EVALUATION

Please take a few moments to reflect upon Roni's recent author presentation at your school/library and share your experience with others via this questionnaire.

1. What was unique about Roni's presentation?
(My Nana's Remedies/Los remedios de mi nana and/or Hip, Hip, Hooray, It's Monsoon Day!/¡Ajúa, ya llegó el chubasco!)

Roni's presentation was unique in that she was able to communicate fluently in both English and Spanish. This is so very important to our school community, where most students come from Spanish-speaking or dual language backgrounds. The variety of sensory experiences following the presentation was enriching and the time spend talking to small groups of students priceless.

2. Why would you recommend this presentation to your colleagues/fellow educators? (Please include surrounding areas, even out-of-state)

I would recommend this presentation to colleagues/fellow educators because the subjects are relevant to our community and the author is approachable, friendly, and sincere.
